DOUBLE INTERLOCKING  
LARGE PANTILES

**“Lama 66”** Pantiles present the most successful and up-to-date form of modern Roof Tiling. Moderate in cost, variable in gauge to suit any length rafter, light in weight and capable of being laid at extremely low roof pitches with complete safety. The double side lock gives the maximum of safety and resistance to water penetration. “Lama 66” Double Interlocking Large Pantile, widely used in modern homes, bungalows, terrace houses, shophouses, schools, churches, flats and even in low-cost housing projects. We guarantee that every roofing tile supplied by us exceeds all specification expected by J.K.R.

For beauty, strength, reliability and quality.  
“Lama 66” is the ideal tile.
